

THROUGH THE AIR.

An Aeronautic Scheme for the Transportation of Freight and Passengers.

SPRINGFIELD, ILL., July 21.—The Aerial Navigation Company of Chicago has been incorporated to transport passengers and freight through the air. Two millions of dollars comprise the capital stock of the new corporation, and each share to be sold at \$200. The total number of shares is to be 20,000. The immense amount of capital stock, together with the comparatively small number of shares is evidence that the scheme is something more than an aggregation of intangible ideas, and from the information gleaned it is probable something more will be heard of the "Aerial Navigation Company" in the near future. It is asserted that the machines to be manufactured by this company are a perfection of the one tested at Hartford, Conn., nearly two years ago, which at that time attracted such widespread interest. Immediate steps are to be taken toward the manufacture of a monster machine of great power and capacity, and if the inventors of the machine are not over-enthusiastic it will be but a few months before the scientific and inventive world will be electrified by the announcement of attained perfection in aerial navigation.

Big Failures.

PITTSBURG, PA., July 21.—The Manchester Iron & Steel Company, with a capital stock of \$500,000, have assigned to W. W. Martin, of Allegheny City, and Henry Stanton, of New York. Liabilities, \$800,000.

NEW YORK, July 21.—E. W. Holbrook & Co., cotton goods manufacturers and converters of cotton goods, have made an assignment. Their liabilities are about \$725,000, with preferences amounting to \$67,000. Their losses from manufacturing exceed \$350,000, which have been somewhat increased by outside transactions. The failure is a very great surprise in every department of the trade.

Cattle Fever.

Boston, July 22.—There are several cases of Texas fever among Texas cattle brought to Worcester. It is stated the board of cattle commissioners will issue an order forbidding the bringing of any more of these cattle into the state.
